Message

Medical Education enables a person to face new challenges, achieve progresses and lead a successful life. I, therefore, would like to encourage all students to acquire right medical education through right medical educational institution. I appreciate both the parents and the students for having made a right choice of choosing Al-Ameen Medical College, Vijayapur, Karnataka is neither just about academic brilliance nor a consistent return, but an ambience where culture and human skills meet together. The institute undertook a series of reforming exercises to become what it has become today. We now welcome students to come forward to experience the difference. Keeping abreast of this contemporary world of cut throat competitions, we the Al-Ameen team, aim at creating an inter-disciplinary and a holistic academic environment that enable students to gain medical knowledge without stress. I do strongly believe in my spirited staff members' capacity to build up the medical college as one among the leading colleges in the region. I am delighted to welcome all the students to this world of Medical Education and my best wishes for them to unlock and realize their potential.

Dr. Mohammed Ali Khan
